“Working with Energy” Works Wonders!

Jeanette first came to JobWave on June 2nd, 2009. After attending a number of employment coaching sessions with Rebecca, her case coordinator, Jeanette landed a couple of job interviews. Despite Jeanette’s positive attitude and her perseverance, she was not clear on what she wanted to do for work, and as a result was not finding the success she hoped for.

Rebecca encouraged Jeanette to sign up for workshops, including “Working with Energy” and “Laws of Attraction,” that would assist her on her journey towards employment.

After attending “Working with Energy” on November 12th, Jeanette has been successful in finding a job! Jeanette credits her success to taking what she was taught in the workshop and putting it to use in her everyday life: “I am so glad I [attended]! Not only does it give you excellent skills you could put towards finding yourself a good paying job, it gives you amazing skills you could put towards anything you want in life.”

Jeanette’s advice to others: “I highly recommend that everyone signs up to take the opportunity you have been given with JobWave, to be offered such incredible life-changing workshops. Definitely start with ‘Working with Energy’ if you can. Go into it with an open mind and accept what you are given. It feels great to be able to say when offered a new position ‘I’ve already got a job, but thank you!’ ”
